

Australia Assists Deployments

30 January 2023

Ebola Preparedness

In **South Sudan**, **Olivia** works with OCHA developing preparedness measures to ensure the nation is equipped to deal with Ebola Virus outbreaks. She is currently collaborating with the Ministry of Health and partners to develop a full-scale simulation to test the response mechanisms and reduce the spread of Ebola virus in the event of an outbreak.

Across the Disaster Cycle

1. Stability, Resilience & Risk Reduction
2. Crisis Preparedness & Response
3. Stabilisation, Recovery & Reconstruction

Ukraine Response

Working remotely from **Paris**, **Claire** is supporting UNESCO to address education needs of displaced Ukrainian students. She led a Needs Assessment that was disseminated to 537 schools across Europe to assess challenges, changes in behaviour, needs of students and good practices shown by teachers.

48 deployes

22 supporting the Pacific

15 in Emergency Preparedness roles

22 responding to Conflict/IDP/Refugees

- 4 Communications
- 4 Education
- 3 Other
- 2 Information Management
- 2 Health
- 2 Engineering
- 1 Localisation
- 1 Logistics
- 1 MEAL

Community Engagement

In **Nigeria**, **Asther** is enabling affected populations to share their experiences on cholera prevention efforts, and the quality of humanitarian assistance. She supported OCHA to run an information campaign on cholera prevention, which included a statewide radio program broadcast in multiple languages.

Gender

In **Tonga**, **Karishma** ensures that gender and protection issues are incorporated in disaster response following the Hunga Tonga-Hunga Ha'apai underwater volcano eruption in 2022. Deployed to UN Women, Karishma helped facilitate a training session on Child Protection in Emergencies, and completed the procurement of education materials on gender-based violence.
