Australian  
Aid 

## Ukraine War

Hosted by OCHA in **Geneva**, **Alper** is working with UNICEF to source, analyse and provide information that supports response efforts on the ground in Ukraine. He's helping to ensure humanitarian actors can access and assess the needs of affected communities, as well as providing data and analysis to support the delivery of essential basic supplies and services.

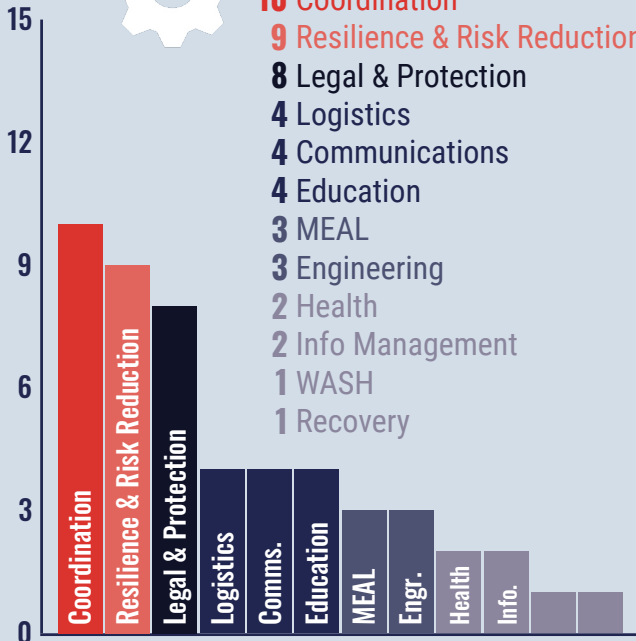

## Across the Disaster Cycle

1. Stability, Resilience & Risk Reduction
2. Crisis Preparedness & Response
3. Stabilisation, Recovery & Reconstruction

## SKILL PROFILES

- 10 Coordination
- 9 Resilience & Risk Reduction
- 8 Legal & Protection
- 4 Logistics
- 4 Communications
- 4 Education
- 3 MEAL
- 3 Engineering
- 2 Health
- 2 Info Management
- 1 WASH
- 1 Recovery

## Disability

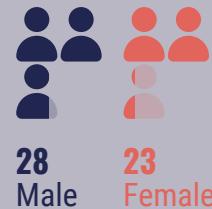

In **Bangladesh**, **Deepak** is providing technical support to UNICEF's water, sanitation and hygiene team. He recently conducted a site visit to the Rohingya refugee camps to help improve sanitation facilities for people with disabilities.

## Localisation

As a **Vanuatu** national, **Sharin** is supporting the Ministry of Health's response to the country's recent COVID-19 outbreak. She's working with teams to set up and equip quarantine facilities and put in place effective public health measures to help slow the rate of community transmission.

## Gender

Deployed remotely to UNICEF in **Afghanistan**, **Gosia** is helping to raise awareness on issues like gender-based violence and child marriage. She recently supported events to provide women and girls with access to human rights, education and employment information and services, enabling them to uphold their rights.

 **51** deployees

 **20** supporting the Pacific

 **10** in Coordination roles

 **26** responding to Conflict/IDP/Refugees
